Charles-Town, Auguſt 11, 1767.

The ſubſcriber intending to go off the province early next ſpring, WILL SELL, at public outcry, at the uſual place in Charles Town, on Thurſday the 22d day of October next.

A VeryVALUABLE PLANTATION, on the ſouth ſide of Santee river, containing upwards of *two thouſand acres*, having thereon two very large barns, an overſeer's houſe, negro houſes, a corn houſe, ſtable, and other neceſſary buildings.——*One hundred acres* of the river ſwamp are ditch'd in and under extraordinary good banks. About *one hundred acres* more, unclear'd ſwamp, are adjoining, lie very convenient to the barn, will require very little or no ditching, and is eſteemed to be exceeding good.—A very large and extenſive reſervoir, that holds a prodigious quantity of water, is at hand; ſo that, ſhould the ſummer be dry, and the ſpring-tides low, you are at no loſs, as you can command plenty from the reſervoir.——The remainder of the land back is moſtly pine (on which is a great deal of lightwood) and runs on WARHO CREEK (to ſecure the head of water) near five miles. Said creek divides the above from other lands of the ſubſcriber's, and will be made the dividing line; but a right to the uſe of the reſervoir will be made to the purchaſer.

As there are many people who poſſibly are, or may be, prejudiced by idle report againſt the above lands not producing crops, unjuſtly imagining that the land is hurt by the ſalts, I ſhall be glad ſuch people will give themſelves the trouble to go thither now, and let the preſent crop of ſixty acres of rice, with corn, &c. ſatisfy them of the truth.

Any perſon inclinable to purchaſe the ſaid plantation by private ſale, or, as the whole conſiſts of five tracts, as originally run out, if a number of perſons ſhould want to purchaſe the tracts ſeparately, ſo that the whole may be diſpoſed of, he or they are deſired to apply to the ſubſcriber in Charles-Town, before the day of ſale, who has a plat of the whole, and will treat upon the moſt reaſonable terms.——Two of the ſaid tracts, lying at the head of the creek, have a good body of fine ſwamp, ſupplied with abundance of large cypreſs, and is capable of being made a fine rice plantation. Any perſon deſirous of ſeeing the above lands, is deſired to apply to Mr. JONAH COLLINS, who will ſhew it.
